J. Serve Wilson, Superintendent

Superintendent's Highlights

Academics continue to be the essential focus for the School District. The Board has made a strong commitment to have quality education for all students. The main strength for the Kamiah School District continues to be a very skilled, dedicated and committed staff.

Our Technology Program is one of the finest in the State. Networking the schools with fiber optic cabling is complete, all classrooms have access to the internet, and E-mail accounts have been established for all staff. Technology inservice was provided to staff last summer and has been on-going throughout the year. By the end of June, approximately 75% of Kamiah's staff will have passed the state Technology Performance Assessment. Attendance and Grades are now being done on administrative software (SASI).

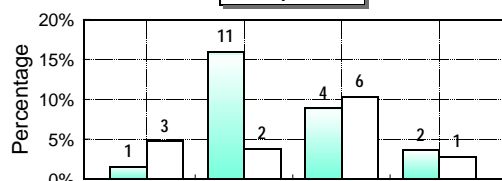

Three students (all Juniors) have passed from one-to three of the six required tests to become a Microsoft Certified Engineer and all three students intend to be fully certified by the end of the summer. New Superintendent, starting July 1, 1999, will be Dallas Taylor. I am officially retiring.
